CANDIDATE STATEMENT:

I humbly request your consideration for a position on the CO ACEP Board of Directors. Though
I've been on a bit of a hiatus from advocacy work over the past two years, I am ready and
excited to re-engage with our chapter. My biggest priority is to continue CO ACEPs work
with state legislators, the governor's office, and other medical specialty organizations to promote
the interests of emergency physicians and our patients. Over the past year, the COVID
pandemic has strained our personal and professional lives in unimaginable ways. We as
emergency physicians have been critical to the local and national public health response. Over
the next year, I think one of the most important things that CO ACEP can do is to share our
stories with policy makers and the community. In doing so, CO ACEP can continue to protect
the safety net we provide to our patients. I'm excited to carry this mission forward and thank
you for your consideration.
