Candidate Statement:

I am interested in serving on the Board Of Directors for Colorado ACEP for several reasons. As a relatively new attending I am interested in becoming involved and more informed regarding the issues that affect our specialty and ultimately our patients. I feel very fortunate to have had the opportunities that I have had and seek to give back to the field. Through advocacy and cooperation amongst the very diverse environments in which we practice we can further the specialty and provide the most innovative, high quality and compassionate care to our patients and the communities we practice in. During medical school and residency I was involved in the Emergency Medicine Residents Association and found this to be a deeply rewarding and educational endeavor. I seek to learn more and support ACEP and Colorado ACEP in its mission by serving. Thank you for your consideration.
